Povzetek

V diplomski nalogi sem predstavila dva sistema za učenje preko spleta in sicer spletno učilnico in sistem wiki. Pri pisanju sem se opirala na izkušnje, ki sem jih dobila med praktičnim usposabljanjem, ko sem kot asistentka sodelovala pri predmetu Programski jeziki v sklopu Dopolnilnega izobraževanja iz računalništva in informatike.

Diplomska naloga je razdeljena na tri večje dele. V prvem in drugem so navodila za postavitev spletne učilnice oziroma sistema wiki in opisi tistih njunih orodij, ki smo jih uporabljali. Poleg tehničnih značilnosti sem opisala še izkušnje pri uporabi le-teh in na podlagi tega navedla nekaj predlogov za dobro uporabo.

V tretjem delu sta predstavljeni anketi, s katerima smo dobili mnenje udeležencev predmeta Programski jeziki glede dela s spletno učilnico in sistemom wiki.

Viri

Viri si sledijo glede na vrstni red razdelkov v diplomski nalogi. Od 1 do 6 so splošni viri o Moodlu, potem pa si sledijo tako, kot sem jih rabila pri pisanju diplomske naloge.
